Debora Martin (aka Sleeper Bear)
Explorer's Program Director and Instructor
Tuesdays, Wednesdays, Thursdays

Debora loves the outdoors and enjoys sharing her enthusiasm with children. She has been with BVSD as an Early Childhood Educator since 1995, a Volunteer Naturalist with the City of Boulder OSMP since 2007, and has been a Volunteer with the Division of Wildlife since 2006. "As a long time Educator and Interpreter, I've learned that an early appreciation of nature grows into a life of affection and respect. I believe children should use their senses and imagination when learning about the wondrous world around us. Wild Bear lets me use my experience to give children a great foundation on which they can build their own desire to explore and find joy in the outdoors."

Theresa Giglio
Explorer's Instructor

Theresa has an adventurous spirit. She has traveled to over 22 different countries, skied glaciers, skydived, rafted waterfalls, ice climbed, surfed, built papaya gardens, and so much more. Her experience working with a variety of different types of adolescents and young adults includes coaching youth girl's lacrosse, working with Expand, a nonprofit that provides children with disabilities opportunities to participate in physical activity, teaching English to Fijian children at Malambo Orphanage, and working with adolescents in the Boulder Community struggling with mental health. At Watson University, Theresa is formulating her plan to open an adventure school called Scenic Venture, an experiential high school with a focus on health, wellness, and service. Theresa wants to help create a safe learning environment for students to embrace their "survivor spirit" to better direct their own future.
